

THE MILESTONES

The latest news and updates from Vértere Global Solutions Inc.

Vértere
GIVES BACK
TO THE
COMMUNITY

January 10

Vertere gave back to the children and teachers of Sucat Elementary School Annex 4 Zone 4, Muntinlupa City. Together with our President Jocelyn Cariaga, some of the Executives and Vertere volunteers, we were able to grant basic school supplies to the students from Kinder to Grade 6 students and art materials to those representing the school in an Art competition.

The teachers were also given pre-owned laptops, flash drives and other school materials.

January 28

With the tragic eruption of Taal Volcano resulting to thousands of evacuees, Vertere heeded the call for donations and asked the help of all employees. Thus, we were able to donate to **ABS-CBN Lingkod Kapamilya Foundation, Inc.** 150 bags of food items, bags of rice, old clothes, hygiene kits and drinking water.

We take this opportunity to extend our appreciation to those who responded to the Donation Drive.
