

# Request for Expression of Interest

## Enterprise Workforce & Operational Visibility Platform

We invite qualified solution providers to submit a Letter of Intent (LOI) to participate in the upcoming RFP (Request for Proposal) for the development of an internal enterprise platform initiative.

The platform is a secure, scalable digital solution intended to enhance internal workforce visibility, governance, and operational insight across the organization. The platform will integrate with existing enterprise systems and must support responsive access across desktop, tablet, and mobile devices.

The roadmap includes structured data integration, analytics capabilities, and AI-enabled components to support informed decision-making.

### Minimum Eligibility

Interested vendors must demonstrate:

- At least three (3) years of enterprise-grade application deployments
- Proven experience delivering secure and scalable enterprise platforms
- Demonstrated expertise in data architecture, security and data privacy compliance
- Experience implementing AI-enabled solutions in production environments (not proof-of-concept only)
- Capability to deliver responsive multi-device enterprise applications

### Submission Requirements

Vendors are requested to submit:

- A Letter of Intent
- A brief company profile summarizing relevant enterprise deployments
- Overview of security, data architecture and governance, and AI implementation experience

**Submission Requirements: April 17, 2026, 5:00 PM**

Submissions should be sent to: [rfp-committee@vertere-gs.com](mailto:rfp-committee@vertere-gs.com)

Shortlisted vendors will receive the detailed RFP package under formal engagement terms.
